

Richard "Dick" B. Lundy

Dick joined the UMRC Board of Trustees in 1983 and continues to serve on the Brio Living Services Board, where he currently chairs the Governance Committee. Dick was the President and Founder of COM Inc., a computer systems company in Dexter, Michigan. He received his Bachelor of Science degree in electrical engineering from the University of Michigan.

Dick is an active member of the community, serving as trustee and chair of the Huron Valley Ambulance Board, supporting Dexter DDA, and Dexter Local Development Finance Authority. He is a former board member of Ann Arbor Hands-On Museum and Washtenaw County United Way. Additionally, Dick served as the financial secretary for the Dexter United Methodist Church for many years. Dick has also served as board chair and trustee for Silver Maples of Chelsea for more than 40 years. Dick was the first in Washtenaw County to become a Certified School Board Member. In 1999, he received the Distinguished Board Member Award from the Michigan Association of School Boards. He also serves as the Secretary-Treasurer of Michigan From the Heart, a nonprofit which facilitates activities of the University of Michigan Student Athletes with patients at Mott Children's Hospital.

Why I serve as a Brio Living Services Board Member: "My wife and I first became supporters of UMRC in the 1970s during the 'Renewing Old Chelsea' campaign. We always felt a mission for supporting senior citizens and have been appreciative of the opportunity to do this through our connection to the United Methodist Church and UMRC—now Brio Living Services. It has been a real privilege to serve with so many wonderful board members and team member leadership who are dedicated to supporting our older 'saints.'"
