The Nonprofit Difference

Kresge Healthcare and Rehabilitation Center

is a service of United Methodist Retirement Communities (UMRC), a nonprofit organization catering to our valued guests since 1906. Our primary mission is, and always has been, to provide outstanding care for those we serve. We continually reinvest in our community rather than deliver a profit to shareholders. That means more resources devoted to caring for your loved one.

Kresge Healthcare and Rehabilitation Center is located on the grounds of Chelsea Retirement Community. Kresge residents enjoy access to many campus programs and amenities, such as exercise classes, arts and crafts, book clubs, religious services, outings, and much more.

Compassionate care. Exceptional support.

“More resources” include highly trained and motivated team members who treat Kresge residents and guests like family. We are guided by the Action Pact® Household Model that embraces person-centered care, individual choices, and close personal attention for our guests and residents.

In addition to providing skilled and personalized care to your loved one, we are here to make things easier for you.

We will:

- Work with hospitals and insurance companies for timely admittance.
- Provide all medications from our pharmacy to ensure proper monitoring and distribution.
- Coordinate follow-up appointments and assist with scheduling transport.
- Tailor an individualized Care Plan through regular consultation with our on-staff licensed social workers, residents, and our interdisciplinary teams:
 - Facilitate family care conferences to provide updates and professional recommendations.
 - Assist with accessing senior care resources as needed: provide information about Medicaid, facilitate mental health services, and arrange for home health services, if needed.
 - Assist you in making informed decisions so you can make the best choices for yourself or your loved one.
 - Guide you through difficult conversations with your loved one.
 - Coordinate discharge planning to ensure a safe, timely return to home.

Kresge Healthcare and Rehabilitation Center is consistently rated a top performer by both the Centers for Medicare & Medicaid Services and the people we serve.
