THE FLATS

Just as we closed the book and opened the doors on The Ravines expansion project, we begin the next. Our upcoming Independent Living apartments reflect our continued commitment to excellence, trust, and purpose-driven living. Rooted in decades of stability and strong community ties, this next chapter is designed to enhance the vibrant lifestyle our residents already enjoy.

WHERE EVERY DETAIL MATTERS

Our expansion is guided by the same thoughtful care that our team members bring to the day-to-day. With a steadfast dedication to creating meaningful, personalized experiences, this new development will offer even more opportunities for fulfillment, connection and joy in retirement.

Call 616.828.4108 and ask about our Priority Program to receive first-come, first-serve priority on the best floor plan that fits your lifestyle.

MADE WITH LOVE

"I love what I do, whether it's preparing cold food items or baking cookies, pies and desserts for the residents. As the daughter of Lebanese parents, I learned to make baklava from my mother and grandmother, and it's still one of my favorite recipes to share."
